<ul style="list-style-type: none"> <li>• To continue to Increase pupil participation in competitions, inter-school and intra-school sport and clubs.</li> <li>• Instil in pupils a love of sport and physical activity.</li> <li>• Improve quality of PE teaching available in school</li> <li>• Improve resources to support PE, with a particular focus on high quality equipment and transport.</li> <li>• Broaden the sporting opportunities available to pupils.</li> <li>• Improve access to physical activity for those who may find it financially difficult.</li> </ul>			
Breakdown of spending			
Objective:	Activity:	Cost:	Proposed Impact:
To continue to Increase pupil participation in competitions, inter-school and intra-school sport and festival events.	Children can be selected from within school to ensure opportunities appropriate and targeted. Work with South Norfolk Sports Partnership / Framingham Earl Cluster.	£2000 (includes transport as needed and salary costs for cover)	Pupils able to compete against the best from other schools.  All pupils able to access festival events (non-competitive)
To continue to Increase pupil participation in competitions, inter-school and intra-school sport and festival events.	School to contribute to cluster employment of a PE competition co-ordinator on behalf of all schools.	£2000	Competitions arranged, link with South Norfolk / County competitions clear for all.
To instil in pupils a love of sport and physical activity.	Provide high quality teaching of PE though ongoing staff training.	£1000	Schools own staff are increasingly skilled at delivering high quality PE.
Improve quality of PE teaching available in school	School to contribute to cluster purchasing of a PE teacher who visits all the primaries to co-teach.	£1250	This will up-skill teachers as well as ensure pupils receive highest possible quality PE lessons.

Broaden the sporting opportunities available to pupils	Provide a 50% subsidy for Year 3 and 4 for curriculum Skiing	£1000	Children have a wider range of skills available than traditional sports.
Broaden the sporting opportunities available to pupils	Provide a 50% subsidy for Year 5 and 6 for curriculum sailing (RYA level 1 and 2)	£1400	Children have a wider range of skills available than traditional sports.
Improve access to physical activity for those who may find it financially difficult.	Diverse range of after school clubs provided. Parents know to ask for financial assistance if they need it.	£500	Children experience a range of quality PE clubs they would not access otherwise.
Improve provision of Physical activity before school	Buy in PE coach to run before school (8:00am) clubs. (Multisports, yoga, Pilates, dondgeboll)	£2000	Children have a range of activities available at the start of the school day.
Improve resources to support PE, with a particular focus on high quality equipment.	Purchase equipment to extend and develop sports and physical skills across the school	£500	Improved quality and quantity of PE equipment available. New equipment available so that new and a wider range skills can be taught.

**TOTAL SPEND**

**£9,850**

Further spent to be finalised in September 2018

## Impact of PE & Sports Premium Use

<p>Impact on pupils' participation:</p>	<p>KS2 have had more opportunities to participate in a wider range of sports (Cross County, Swimming, Athletics and Tag Rugby) due to working with cluster and local schools who are part of the Sports Partnership.</p> <p>This has been possible due to the money to pay for a cluster coordinator and the money to pay for extra transport requirements and staffing cover.</p> <p>Observations by the PE lead of lessons continue to be positive. All pupils have opportunities including the vulnerable groups and careful selection allows targeted activities.</p>
<p>Impact on quality of PE teaching</p>	<p>The use of specialist coaches will give additional high quality PE sessions alongside other lessons</p> <p>Training opportunities give fresh ideas and keeps staff up to date. It also gives them the confidence to teach new skills in exciting and different ways.</p> <p>More opportunities to share these opportunities as a club (yoga, dance &amp; Pilates for example.)</p>
<p>How the premium has allowed pupils to develop active lifestyles:</p>	<p>PE is timetabled to ensure lessons are in place. Understanding of healthy living and how exercise impacts on the body is part of the taught curriculum both within PE sessions and in PSHE and Science lessons.</p> <p>More opportunities to participate (such as skiing and sailing) mean that children have access to more regular clubs and different activities outside of school too. We want all pupils to have a sport or active pastime they identify with before going to high school.</p> <p>The PE leader carefully considers upcoming events to ensure a balance and access across the age groups, genders and those children with additional needs.</p>
<p>How the school will sustain the improvements:</p>	<p>The school is also one of the 'Mile a Day' schools and an ambassador school for Norfolk. Staff join in too to show that healthy lifestyles is a life choice, not just something we ask children to do. The promotional video for Mile a Day featuring our school is available on the screens in most Norfolk doctors waiting rooms!</p> <p>Training to ensure staff are up skilled and have access to a wider range of PE courses so that across the school other sports can be introduced and practice reviewed. Training needs to be identified by the Head.</p> <p>Funding set aside to allow local competition opportunities for all ages and to give a diverse range of sporting opportunities.</p>
